

De-Clutter Your House

The Friends of Curry Public Library are gathering items for their second annual "Month-Long Silent Auction," which will take place at the library May 2-June 3 at the new library. March and April are traditionally a time for spring house cleaning and "de-cluttering". We can help! Have you received a gift you have never used? Have you purchased something on the spur of the moment that now sits in the back of a cupboard? Are you downsizing? We are looking for quality items for the auction that are in new or almost new condition. Something that is taking up space in your home may be just the thing someone else desperately wants. We had a great variety in last year's silent auction, including a Nordic Track, kimono, new Tempur-pedic pillows, piano, bronze sculpture, telescope, DVD player, and a Stuben saddle. This was a really fun community event, and it raised over \$4,000 last year for the library. Please call Sandy Grummon (541) 247-6356, Terry Hoogesteger (541) 247-4664, or Pat Renner (541) 247-6787 with your donation ideas, so this year's "Month-Long Silent Auction" will be another huge success!
