

Operation Business Watch

Safe guarding
our
business community

Your City of Gold Beach Police Department and Chamber of Commerce are working together to build a more secure community. With that we will be building a contact list of business owners and managers and their emergency contact info for use by the police officers out on their daily patrol.

We, your chamber, have your current contact information on file and will be giving this information to our police department to assist on the Operation Business Watch program. Please inform us **immediately** if you do not want us to give your contact information to our City of Gold Beach Police Department.
