

Reach The Rogue Valley With Your Advertising Message By trading your goods and services.

Bicoastal Media of Medford is looking for a few select radio trade partners on the Southern Oregon Coast. If your business has goods and services that would appeal to Rogue Valley listeners and you would like to consider trading for radio advertising, call or send an email.

With rising gas prices, now may be the time to look closer to home for your customers. It's an easy process and spot production is included with your trade agreement. The airtime credit may be used anytime throughout the year.
