

Voting is easy, but if you need help to vote on your behalf just let me know.

This first voting round goes through May 3rd. World Fishing Network will select 20 cities and get them in the final voting round. The top 2 cities of each region make it to the final round plus WFN will also choose 6 wild card picks, other towns that didn't make it to the top 2 spots so please don't let our late start discourage you from voting... we have the Gold Beach spirit... keeping going! Gold Beach really has a great chance to be in the final voting round but you need to keep voting. Get on to your Facebook accounts and emails and get your family and friends to help vote too.

AMAZING EXPOSURE FOR THE WINNING TOWN

The ultimate winner gains \$25,000 community donation which is used for fishing-related cause(s). Plus Exposure, Exposure, Exposure! Last year's winner, Port Alberni, British Columbia (last year WFN held the contest for the Ultimate Fishing Town in Canada) writes, "The title brought us worldwide exposure no town could ever afford to buy. Several big and little city papers featured us across Canada for months on end and many fishing magazines and news stations across Canada talked about Port Alberni as the Ultimate Fishing Town. We have received numerous queries and bookings from people around the world that were also following this contest. The Ultimate Fishing Town contest united Port Alberni like no other and gave the community a sense of pride and accomplishment in ourselves at a time when the community needed it with the downturn in the economy."
